

DS-160C

6.5" In-Ceiling Speaker

HORN-LOADED PERFORMANCE

Using the same Tractrix® horn technology and design principles of our more premium architectural and box speaker lines, the all new Klipsch Designer series delivers true Klipsch power and performance. With a 6.5" Polypropylene woofer and a 1" Silk Dome tweeter mated to a round Tractrix® horn, the DS-160C brings dynamic, powerful, detailed Klipsch sound to your distributed audio, home theater, or 2-channel system.

PATENT-PENDING SKYHOOK™ TOOL-FREE INSTALLATION SYSTEM

The exclusive installation system engages the dog legs automatically when the speaker is inserted into the cutout hole with a preset clamping force, eliminating the possibility of overtorquing. This fast, easy installation system reduces install time by up to 75%.

ALL NEW, BEZEL-FREE MAGNETIC GRILLE

A completely redesigned powdercoated magnetic steel grille eliminates the bezel for seamless, pristine integration into the living space.
